

Pneumococcal

This guide will provide you with information on:

- Participating in the Enhanced Service
- Manually entering achievement data for the indicators
- Declaring achievement for payment.

CQRS supports the Pneumococcal Enhanced Service from the **01/09/2013** and ends on the **31/03/2014**. Activity and achievement is recorded on a monthly basis.

NHS Employers Guidance on the Pneumococcal Enhanced Service can be found here:

Participation in the Enhanced Service

Your Area Team will offer you the Enhanced Service through CQRS allowing you to participate and provide achievement data for the service.

- Once the Area Team has offered the Enhanced Service it will appear in your CQRS Message Centre as a 'new task'.
- To view the offered Enhanced Service either select the 'Task Summary' link or select the 'Participation Management' tab from the main menu.
- Select the checkbox to the left of the Enhanced Service and then select the option 'Accept Service'. (*Figure 1*)
- A confirmation message will be displayed to make sure that you wish to accept the selected service. Select the 'Yes' button to accept the Enhanced Service.
- CQRS will then display a confirmation message that the Enhanced Service has been successfully accepted.
- The Area Team must then approve the offer. You will be notified when this has been completed.
- You can then manually enter the achievement data from the following day.
- You may have received a Task in the CQRS message centre telling you that 'An automatic extract is due' for the Enhanced Service. This message can be ignored. Until data is available from GPES the data must be manually entered as detailed below, regular updates will be issued on timescales for the GPES extractions.

Manually entering achievement data for the indicators

Until GPES begins providing automated extracts GP practices will need to enter achievement data manually for the indicators.

- To enter your monthly achievement data for the Pneumococcal ES you should first select the 'Data Submission' tab from the CQRS main menu.
- Select the 'Record Achievement' option. Make sure the financial year in the dropdown box is set to 2013/14.
- Select the Pneumococcal Enhanced Service from the dropdown box.
- You **must** set the achievement date to the end of the month, otherwise CQRS will not create a payment declaration for you to approve. For example for activity completed in December the achievement date will be the 31st December 2013 (*Figure 2*)
- Select 'Add New Achievement'.
- Click on the link 'Pneumococcal Management Information'. These indicators (PNEUMMI001, PNEUMMI002, PNEUMMI003, PNEUMMI04 and PNEUMMI005) are management information and they are not used in the calculation of the payment. GP practices **must** set these indicators to zero.
- Select 'Submit Achievement Data'.
- Click on the link 'Pneumococcal Payment'.

The screenshot shows a web form for entering achievement data. At the top left, there is a dropdown menu labeled 'Quality Service:' with the selected option 'Seasonal Pneumococcal Scheme 2013/14'. To the right, there is a text field for 'Achievement Date:' containing '30/09/2013', a calendar icon, and an orange button labeled 'Add New Achievement'. Below these fields is a table with two columns: 'Achievement Date' and 'Last Update'. A calendar pop-up is displayed over the 'Achievement Date' field, showing the month of 'December 2013'. The calendar grid has days of the week as headers (Su, Mo, Tu, We, Th, Fr, Sa) and dates from 1 to 31. The date '31' is highlighted in orange. At the bottom of the calendar pop-up are two orange buttons: 'Current Month' and 'Close'.

Figure 2

You will then be able to enter:

- **PNEUM01 Input:** This is a monthly count of the number of patients aged 65 and over on 31 March 2014 who have received a PPV vaccination at the general practice.
- Select 'Submit Achievement Data'.

Indicators

Indicator ID	Description	Date Submitted	Submitted Values	New Values
PNEUM01	Monthly count of the number of patients aged 65 and over on 31 March 2014 who have received a PPV vaccination at the general practice		93	PNEUM01 input number

Submission Notes: *(1000 character limit)*

If you enter data for all of the payment and management information indicators, with the correct end of month achievement date, CQRS will generate the payment declaration for you to approve. This will begin the process of payment.

Declaring achievement for payment

- Go to the CQRS 'Achievement' screen and select the 'Declare' sub-tab.
- Provided you have manually entered data for all the indicators in the Enhanced Service with the correct achievement date for the end of the quarter, then the declaration should be show on screen.
- Carefully check the achievement values. If you are happy with the data on screen and wish to declare the achievement for the Area Team to 'Approve' for payment you should select the checkbox to the left of the ES.
- Select the Declare Achievement button.
- A confirmation message will display to confirm that the payment declaration request has been successfully submitted and is awaiting approval by the Area Team.
- Once the Area Team Approves the achievement details will be passed to Exeter (NHAIS system) for payment.
